COMMENTS: (Please use second page if more space is required)

Please accept the following documents for inclusion in the evidentiary record as part of the public input hearings. The first one is my own written comment the second document is a petition signed by Hill/Uptown residents that support the IOC plan.

June 2, 2006

Members of Pennsylvania Gaming Control Board:

My name is Rev. Dr. James Simms, a resident of the Hill District, and Chairman of Pittsburgh First. Today, I am writing this letter to urge the Pennsylvania Gaming Control Board to award the Pittsburgh slots license to IOC Pittsburgh, Inc. (Isle of Capri Casinos Inc).

As you are aware, Pittsburgh First is an alliance consisting of Isle of Capri Casinos Inc. Pittsburgh Penguins, Nationwide Realty Investors, Ltd., and the community. We are dedicated to putting the interests of the people of Pittsburgh First in advocating and planning one of the largest economic development projects in the history of Southwestern Pennsylvania.

Our plan will invest over \$1 billion in new development, create thousands of new good paying jobs with benefits, revitalize the Lower Hill District and Uptown neighborhoods, reconnect downtown Pittsburgh with the Lower Hill District, privately fund construction of a new multi-purpose arena, build a world-class gaming entertainment facility and contribute over \$1 million dollars annually to the Pittsburgh First Foundation to benefit the Hill/Uptown neighborhoods.

This is the best plan for our City and the people of Pittsburgh, including the Hill/Uptown and more importantly it's what the people want. I know, I have talked with them. As Chairman of Pittsburgh First I have been fortunate enough to speak to community groups all over Southwestern Pennsylvania and the overwhelming consensus is that the Isle of Capri plan is the best plan for Pittsburgh and should be awarded the license.

We have spent a lot of time in the Hill/Uptown engaging residents about their concerns for our development project. Several have agreed to serve on our Pittsburgh First Board of Advisors, so the community can have a seat at the table as we plan our development. Also, as you can see by the attached documents, we have gathered over 3,200 signatures of Hill/Uptown residents, who signed our petition, in support of Isle of Capri and the Pittsburgh First proposal. That means 85% of those residents we spoke with feel it is time to take back their neighborhood.

Some have questioned our commitment to the community. If they were as involved with the community as we have been, there would be no question, the support for the Isle of Capri and Pittsburgh First is very strong and getting stronger everyday. The more we get the community involved in the process, the more we realize that this is what the community deserves. The Hill/Uptown deserves no less than a first-class casino, a

privately funded multi-purpose arena, a rebuilt neighborhood and a million dollar fund that contributes annually to the Hill/Uptown and only to this neighborhood. This type of development is exactly why the Isle of Capri, Pittsburgh Penguins and Nationwide Realty Investors formed Pittsburgh First. To restore the Hill/Uptown community back to its rich and vibrant history.

Most recently I spoke to a group of senior citizens at the K. Leroy Irvis High Rise in the Hill District. Their home is on the doorstep of our project and will be overlooking the revitalization of the Lower Hill. Their biggest concern with our project had nothing to do with gaming, the Penguins or even taxes. It was whether or not we were going to tear down their building for a parking lot, which we assured them we are not going to do. They want to stay, because they want to see our plan revitalize their once storied neighborhood. They believe in the Isle of Capri and they know what a world-class casino, a new multi-purpose arena and redevelopment of the Lower Hill District can do for their community. Many of these residents grew up in the Hill and have never left. They've seen their community ripped apart for an arena and they've waited for development to thrive. Unfortunately, they have had to watch their community deteriorate while other Pittsburgh neighborhoods grow. They want their neighborhood back and we want to work with them to make it happen.

This is a once-in-a-lifetime opportunity for the city, the county and the region. It is far too important to let personal agendas decide the fate of the people of Pittsburgh. It's time to put the people of Pittsburgh First.

Sincerely,

  
Rev. Dr. James Simms, Chairman  
Pittsburgh First
