GETTYSBURG NATIONAL MILITARY PARK

Gettysburg, Pennsylvania

A lone cannon stands as a reminder of the raging storm of battles and the struggle for freedom between the Confederate and Union Armies.

Dear Gaming Control Board—  
Please do NOT put a  
Casino near Gettysburg. That  
would be a tragedy and an insult  
to history! Please do the right  
thing and locate another venue!

All best,

# PENNSYLVANIA STATE MONUMENT

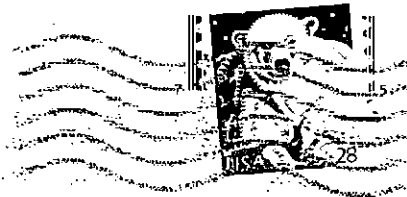

## Gettysburg, Pennsylvania

This impressive memorial pays tribute to the 35,000 Pennsylvanians who fought in the great conflict. All of these names are recorded on the bronze plaques around the monument.

Dear P.A. Gaming Control,  
There are plenty of fun  
places to put a casino in  
P.A. that are not also sacred  
historical battlegrounds. Please  
leave Gettysburg alone and  
find a more appropriate  
location!

As a concerned citizen and former resident of Pennsylvania, I urge your efforts to deny any casino development adjacent to or within any 100 mile area of the sacred cemetery at the Gettysburg National Military Park.

Please do not allow a casino to be placed at Gettysburg.

To have such a thing next to one of our country's most hallowed fields of sacrifice is nothing short of shameful. How dare you cheapen what those brave souls did for our nation by putting it for sale next to a seedy casino! We deserve better. Pennsylvania deserves better. The families of those who died there deserve better. Do the right thing and vote no on the casino application.

Troy Lowell

Gettysburg is about the history of  
our great nation not a cheap buck.

American is much more than that.  
The very idea of a casino in  
such a location is disrespectful  
to our past and to our future.
