Comments: I don't support the proposed casino.

I'm a Civil War reenactor & came to Gettysburg often. I love the way it is. A casino would be disrespectful to the history, our government, & everyone who fought/lost their lives there. Gettysburg is about history. Everything is about money these days, but a casino here is VERY inappropriate. A casino would ruin what Gettysburg is all about.

This is not just a local problem. This is a concern to all Americans. This is the location of one of this countries most important piece of history. A casino is not needed there. Gettysburg is a beautiful place that should not be disturbed.  
As a Disabled US Army veteran I am appalled at the grab for money by the developer and local politicians, using the fame of the battlefield to make money and commercialize this area.

As a supporter of the Civil War Preservation Trust and a member of the United Daughters of the Confederacy, and the Pennsylvania State Historical Society. I consider the Gettysburg area as sacred historical grounds. We were my looking + I visited the area, we were checked in anyway that we will never forget. Please don't spoil this area with a casino!

I am a Civil War Reenactor and have been to Gettysburg many times, and have spent a great deal of money. Gettysburg has kept its small town and historic charm. A Casino will destroy Gettysburg. If a casino is built near Gettysburg, I will never, never return as a Reenactor or visitor.

As a history buff/enthusiast, I would be appalled to see a casino doing business in close proximity (of any distance) to the sacred ground where blood has been shed for this country! Bad taste. Really Bad taste. And it would make me think twice about visiting myself, taking my kids, (or guests there as well) ever again.

Comments:

The audacity and greed of casino operators never ceases to amaze us. Gettysburg is hallowed ground soaked in the blood of those Union and Confederate soldiers who fought and died there for their beliefs. The Battle of Gettysburg was a turning point in the American experience. Is next to the battlefield the only place the casino can be built? Is the casino being built there because the owners believe they will have a good traffic flow? Do we care so little for our history that we allow this to happen? Is our focus on jobs, money, and the economy so great that we have lost our reverence and respect for those who fought and died at Gettysburg? As American citizens and as parents of two sons who have served in the military, we say a resounding NO to desecrating what Gettysburg represents. If you must build a casino, please show some respect and decency by finding another location away from the battlefield, preferably far away.

Economic needs and ways to resolve them are the proper sphere of those in the local area thus I will make no comments on that issue. The battlefield and surrounding are is however unique. Once altered would be almost impossible to restore. I noted the original plan was for thousands of slots - now hundreds - it's like getting a foot in the door. I have never seen one of these facilities grow smaller. Eventually it will grow out and up. Unacceptable. Is there no other place in the county for such a facility, if it is deemed good by county residents. Personal experience has left me with a generally unfavorable impression of these facilities. It has done nothing for Buffalo and in fact lost money at least one quarter last year. It covers the atmosphere, please find a compromise further away from Gettysburg.

My husband and I moved from Philadelphia area to this area of PA to get away from casinos and violence in the community. We love the way Gettysburg is preserved and think a casino or even slots is a horrible idea. We will never visit the casino! It is approved and neither will our close family and friends. Casinos are aimed now, what jobs will there really be? Those at the casino would be making money off of those brave men who gave their lives for ours to prosper.

Please consider alternative ways to generate revenue for Pennsylvania. Our nation's history and historical sites suffer irreparable damage from issues ranging from erroneous textbooks and historical revisionism to rampant residential and commercial development. Future generations will make judgements about our current societal values and priorities based on decisions such as this. Keep this beautiful historic site free from exploitative businesses!

 As the great grandson of a Union Soldier who fought at the Battle of Gettysburg, as a member of the Michigan Brigade, and a 45 year resident of a Gambling state, Nevada, I am against the building of a casino anywhere near the battlefield. Casino's are not the panacea that the owner's make them out to be. This is JUST NOT the place to build one.

I oppose Mr. LaVar's current communitate through money. The "discussions re Gettysburg" toward the hallowed ground of the area. Adams County certainly does not want the negative connotations of gambling along with the residents of "who in Adams County" should be.

I think it is a disgrace to even think about building a casino near a sacred and historic site. Here in Michigan, there are casinos in a majority of the states 83 counties. The casinos only benefit the owners. In Michigan, it is the Indian tribes and reservations. Patrons of casinos can buy food and necessities there. Very few people venture into the nearby towns and conduct business. People go to gamble and "not shop." Once a casino is built, it is "hard to get rid of it".

I remember as a child going to Gettysburg. My 12 year-old son loves history and would like visit the town and battlefield in the near future. I would hate to see a casino nearby. It will not only destroy my memories of Gettysburg, but my son's as well.

History can not be replaced!!!

Why must we build a casino and  
permanently destroy our history;  
Why do we need anymore casinos?  
Most "Areas" surrounding current casinos  
are undesirable, crime ridden, and not  
a place of enjoyment. Why do we have  
to "sell-out" - preserve

Comments:  
 To Whom It May Concern:

As a citizen of this great Union and the State of Pennsylvania, I am appalled that a place with the historic significance of Gettysburg should be in this position. There are some places that are simply too sacred to be exploited and desecrated by the pecuniary desires of those who seek profit at any cost. We do not need any more garish places that separate people from their money and families from their necessities. What we sorely need are more places for quiet reflection and monuments to people who have sacrificed for the greater good of civilization. The two concepts of a gambling casino and a sacred battlefield where our greatest president gave his most brilliant speech are diametrically opposed in every respect and unquestionably poses a moral imperative that cannot be ignored. This casino represents a parasite that will surely suck Gettysburg dry and destroy the very essence and reverence that can be felt as soon as you enter the greater Gettysburg area. It sickens me to think of how this tranquil sanctuary will be turned into an area where every corner will hold some character trying to make a buck out of something that should never be profited from. The blood of our forefathers should not be for sale. It should be revered, respected, and preserved the way it has been kept for close to 150 years. It is not ours to exploit. It belongs to the ages and we will reap what we plant. With My Heartfelt Sincerity, Mary Beth Foremski

Comments: WE HAVE VISITED GETTYSBURG 7 TIMES IN THE LAST 12 YEARS. WE STAY AT LOCAL HOTELS, EAT AT LOCAL RESTAURANTS BUY OUR GAS AT THE LOCAL STATIONS AND GO TO OUR SERVICES LOCALLY. THIS CASINO PROPOSAL IS NOT A DREAM IT IS A NIGHTMARE. THE DEVELOPERS ARE "HOPING" THAT THE VISITORS GOING TO THE SACRED BATTLEFIELDS AT GETTYSBURG WILL ALSO SPEND MONEY THERE. I ASSURE YOU I WOULD NOT, I ALSO ASSURE YOU THAT I WILL CARE COME THERE IF THIS CASINO IS APPROVED. I WOULD NOT PROPOSE THAT MAYBE THEY COULD BUILD A CASINO NEXT TO ALLIGATOR? MAYBE AT LITTLE BIG HORN? YELLOWSTONE? YONKERS? JAMESTOWN?

Comments: As much as we enjoy casinos ourselves, we object to the building of a casino in such close proximity to the Gettysburg National Military Park. That is hallowed ground and it is disrespectful to consider the use of this land so close to a treasured battlefield. Surely there must be land available to the developers, further from the Park, that could be used, making it a win-win situation for both sides.

Please do not ruin the Battlefield and Gettysburg with a casino. Please don't allow the greedy people who do not care a thing about preserving the history of this very important site to use the area in or around Gettysburg for their interest. Once it's gone it will be hard or impossible to bring back. We don't have that many historical sites left in this country that haven't been turned into awful and ugly tourist traps, only out for the almighty dollar. Please, please preserve Gettysburg and all the history it holds!

Comments:

Gettysburg is an important site of historical importance, the turning point battle in the civil war. It is also a site of one of Abraham Lincoln's most memorable speeches, one that transcended the times and the issues being faced. As important as jobs are, as important as ensuring the economic health of a community, the integrity of one of America's most important and hallowed sites must transcend such considerations. There are many places where a casino can be erected, let's not make the same mistake at Gettysburg that was made with the observation tower, let's keep it as the soldiers saw it, as the residents remembered it, as history portrays it. Americans seldom appreciate their history until the remnants that express it have been razed or otherwise lost. Don't let this happen with Gettysburg. Too many men, on both sides, died consecrating this land; too many fought here to make make their memory irrelevant. Future generations will remember Gettysburg; they won't remember a casino.

Comments:  
As a nearby resident of Taneytown, Maryland and a frequent visitor to Gettysburg, I am opposed to the Mason-Dixon Casino proposal. The thought of a casino so close to the Gettysburg National Military Park is saddening. The Mason-Dixon casino would take away from the historic and peaceful nature of the area and disturb the hallowed ground on which the blood of 57,000 Americans was spilled. When one visits Gettysburg, the focus should be on the cause for which those Americans "gave the last full measure of their devotion", and not on how much money somebody can win at a casino.

Casinos don't just put there, they expand, need more parking area and all that means more for someone you know the story; my great grandfather fought in the Civil War and we must keep Gettysburg as hallowed ground. I know of several groups of young people who have gone there and it has proven to be a wonderful history lesson. We need to remember those who sacrificed their lives that we might remain one nation. Don't demonize it.

This area where the proposed Casino is to be located  
is historical grounds that ought to be respected  
by not only the local community of Gettysburg  
but by all of the U.S. There are many different  
areas and locations that casinos could be placed  
but in respect to our American heritage please  
consider not building in Gettysburg, 1/2 mile from  
Gettysburg and Military park. Thank you.

Comments:

It was to my utter disgust that I learned that another attempt was being made to force another casino on the sacred ground of Gettysburg. I applauded the board's 2006 decision to keep a casino out of the village, as it was clear then as it is now that such an establishment is not in keeping with the character of the village, would place undo burden on the largely rural character of the area, and would detract from the narrative of the battle. I pray that the board will one again refrain from allowing such a disaster to continue forward and will again show the wisdom it did in the past.

Comments: I am opposed that anyone (and  
most especially a Gettysburgian) would make  
to much business by operating on the  
national significance of Gettysburg. A  
casino in the shadow of the battlefield  
will diminish forever the heritage. President  
Lincoln asked us to look forward.

I don't think the gambling casino and all that will spring up around it should trade <sup>the</sup> historic area of Gettysburg and I do believe it would eventually be detrimental to the area. I don't approve of gambling even if it adds money to the state coffers - the state can spend more wisely.

 I live near Vicksburg Battlefield. When I go there, I never visit the casinos. I think they are trashy and devalue the area. And simply, I'm not there to gamble, I'm there for history. If Gettysburg thinks they can lure in the Civil War tourists, I think they are mistaken. NO Casino Gettysburg;
