Re: IGT Comments to Pennsylvania Gaming Control Board Proposed Rulemaking

Dear Mr. Resch:

On behalf of International Game Technology ("IGT") and its subsidiaries, we would like to thank the Pennsylvania Gaming Control Board (the "Board") for the opportunity to comment on the Proposed Rules and respectfully request the Commission to take into account our comments during the rulemaking process.

Section 407 addresses public access to board files and how requests for access to materials in these files will be processed. We respectfully request the Board also consider including the following language to Section 407: "Upon receipt of a request for access to confidential files, the Board will contact the applicant or holder of a license, permit, certification or registration prior to releasing any confidential records." Prior notice allows IGT to maintain oversight of information released which may impact our business interests.

IGT would like to clarify Section 451.1(a) relating to recordkeeping, specifically the amended section which reads 'These records shall be kept onsite in this Commonwealth in a place secure from theft, loss or destruction or at another secure location approved by the Board.' IGT currently maintains its records at secure locations at its corporate offices located in Nevada. For clarification purposes, IGT respectfully requests confirmation that this practice is acceptable. Upon notification IGT will provide the Board access to these records.

Thank you for your consideration in this matter. If you have any questions, please feel free to contact me at (702) 896-8597.

Sincerely,
